1. I spoke to Emmett Echols and [REDACTED] about a publicity campaign for our blood bank. I suggested that, in connection with the Red Cross flyer which has just been distributed, we publish an Employee Bulletin advising everyone of where they fit into the program and their opportunities to make contributions and withdrawals from the bank for themselves and their families. I also suggested that this would make a good article for a Support Bulletin.

2. [REDACTED] was in to talk with me about a retirement party for Ed Saunders on 1 February 1963. I told him that I would be very glad to cooperate in any way they wished.

3. [REDACTED] telephoned to say that he had never received any separation compensation except his lump sum payment. He was anxious to receive whatever he may be entitled to prior to 1 January 1963 because this would be advantageous to him for tax purposes. (I telephoned Emmett Echols and asked him to have someone get in touch with Jack promptly.)

4. Dr. Tietjen telephoned about three cases in which he thought I would be interested:

25X1A6a

a. [REDACTED] has undergone surgery. He has a malignancy, the primary cause of which is not known as yet. (The outlook is not good.)

b. [REDACTED] has a heart condition, and John Tietjen has recommended that he take two or three weeks of rest.

c. [REDACTED] has typhoid fever.
